# Microinverter Datasheet

HMS-600W-2T HMS-700W-2T HMS-800W-2T HMS-900W-2T HMS-1000W-2T

#### Description

Hoymiles HMS-1000W series microinverters are specifically designed for mini PV systems, such as balcony systems, and feature an integrated industrial+ grade Wi-Fi module.

With the user-friendly HMS Plug and Play Cable, installation is effortless. Users can connect the microinverter directly to a socket - no complex wiring is required.

The HMS-1000W series microinverters simplify system monitoring. They enable seamless access to real-time production data by directly connecting smartphones to the microinverter. Remote monitoring also made possible through the S-Miles Cloud by creating PV plants.

#### **Features**

## **Technical Specifications**

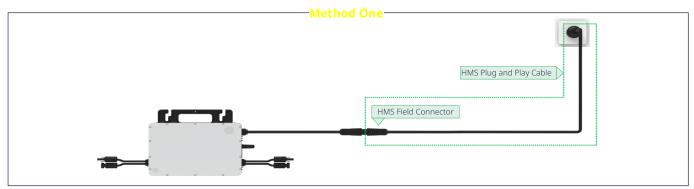

| Model   | HMS-600W-2T                              | HMS-700W-2T | HMS-800W-2T | HMS-900W-2T | HMS-1000W-2T |  |
|---|--|-------------|-------------|-------------|--------------|--|
| Input Data (DC)                               |  |             |             |             |              |  |
| Commonly used module power (W)                | 240 to 405+                              | 280 to 470+ | 320 to 540+ | 360 to 600+ | 400 to 670+  |  |
| Maximum input voltage (V)                     | 60                                       | 60          | 65          | 65          | 65           |  |
| MPPT voltage range (V)                        | 16-60                                    |             |             |             |              |  |
| Min./Max. start voltage (V)                   | 22/60                                    |             |             |             |              |  |
| Maximum input current (A)                     | 2 × 12                                   | 2 × 13      | 2 × 14      | 2 × 15      | 2 × 16       |  |
| Maximum input short circuit current (A)       | 2 × 20                                   | 2 × 20      | 2 × 25      | 2 × 25      | 2 × 25       |  |
| Number of MPPTs                               | 2  |             |             |             |              |  |
| Number of inputs per MPPT                     | 1  |             |             |             |              |  |
| Output Data (AC)                              |  |             |             |             |              |  |
| Rated output power (VA)                       | 600                                      | 700         | 800         | 900         | 1000         |  |
| Rated output current (A)                      | 2.61                                     | 3.04        | 3.48        | 3.91        | 4.35         |  |
| Nominal output voltage/range (V) <sup>*</sup> | 230/180-275                              |             |             |             |              |  |
| Nominal frequency/range (Hz) <sup>*</sup>     | 50/45-55                                 |             |             |             |              |  |
| Power factor(adjustable)                      | >0.99 default<br>0.8 leading 0.8 lagging |             |             |             |              |  |
| Total harmonic distortion                     | < 3%                                     |             |             |             |              |  |
| HMS Plug and Play Cable (Optional)            |  |             |             |             |              |  |
| Connector type                                | HMS Field Connector                      |             |             |             |              |  |
| Cable size                                    | 1.5 mm <sup>2</sup>                      |             |             |             |              |  |
| Cable length                                  | 3 m (Customizable)                       |             |             |             |              |  |
| Plug type                                     | Schuko                                   |             |             |             |              |  |
| Efficiency                                    |  |             |             |             |              |  |
| CEC peak efficiency                           | 96.70%                                   | 96.70%      | 96.70%      | 96.50%      | 96.50%       |  |
| Nominal MPPT efficiency                       | 99.80%                                   |             |             |             |              |  |
| Night power consumption (mW)                  | < 50                                     |             |             |             |              |  |
| Mechanical Data                               |  |             |             |             |              |  |
| Ambient temperature range (°C)                | -40 to +65                               |             |             |             |              |  |
| Storage temperature range (°C)                | -40 to +85                               |             |             |             |              |  |
| Dimensions (W × H × D mm)                     | 261 × 180 × 35.1                         |             |             |             |              |  |
| Weight (kg)                                   | 3.2                                      |             |             |             |              |  |
